

# POURING

We invite you to fill the **cup** with water. And return it into the **bowl**.

As you are doing so, you may notice the sound it makes. The pattern in the water. You may think of how and why water is important to you.

*Jumping in a river.*

*Standing in the rain.*

*Walking behind a waterfall.*

*Taking a shower.*

*The sound of the washing machine.*

*The rumbling of the kettle.*

Feel free to note down your thoughts about water on the tags provided and tie or peg them on the washing line above. Please ask the attendant for assistance if necessary.

## **Safety note**

Please do not drink this water! Drinking water is available from the café.

**The force that drives the water through  
the rocks/Drives my red blood; that dries  
the mouthing streams/Turns mine to wax./  
And I am dumb to mouth unto my veins/  
How at the mountain spring the same  
mouth sucks.**

Dylan Thomas *The Force that Through the Green Fuse  
Drives the Flower* 1934
